First Aid Awareness Program

Knowledge about first aid is very much necessary as it

- Helps to save lives.
- It allows the rescuer to provide the victim comfort.
- It gives you tools to prevent the situation from becoming worse.
- It creates the confidence to care.
- It encourages healthy and safe living.

Keeping in view the above-mentioned benefits of FIRST AID Youth Red Cross Wing of the college conducted a programme to create awareness about first aid amongst the students on **23 March 2018**. Dr. Narayan was the resource person. He with his informative power point presentation enlightened our students with lifesaving skills.
