Guest faculty must attend the class regularly

Regularly test should be conducted

All ok

Lectures have to prepare in their Home before taking classes and lectures have to communicate in English. I think lectures only don't know to speak in English they have to improve this drawback. And while teaching they have give the present situation as an example , but simply lectures will teach what is there in Book for exam point of view but they have teach for the purpose of giving knowledge not for only exams . Lack of teaching skills in our college that is government college for women Chintamani. Even permanent lectures also make

neglegency while teaching they simply come and say what is there in book and they leave the classroom at correct time .Very unsatisfied University . This is my opinion . thank you for asking the students feedback .This is good idea.
