

Government of Karnataka
Department of Collegiate Education
GOVERNMENT FIRST GRADE COLLEGE
Behind Old Sugar Factory, CHITAGUPPA-585412, Dist: Bidar
(NAAC Accredited 'B' Grade)

The institutional Strategic/ perspective plan is effectively deployed

As per the institutional Strategic action plan we used to conduct orientation and induction programmers for newly admitted students. And also our institutions setup various committees for smooth operation of the curricular and non- curricular activities. Generally all the committees successfully implemented predetermined strategic plan among that Information Technology committee especially in COVID-19 played very important role.

Due to COVID-19 Pandemic our institute faculties are not able to conduct offline classes to our students. To resolve this problem Department of Collegiate Education initiated Digital learning by converting the classrooms in Smart Classes and provided TABS and LAPTOPS to all students by organizing the event of TABs and Laptops distribution by the Hon'ble MLA (Chairman of CDC).

The college has been using ICT for teaching learning and evaluation and our college staff members actively participated for developing e-content development for Karnataka LMS and Prepared e-Content materials for B.A., B.Sc., and B.Com courses as Moderators, e-Content developers and subject experts of their respective subjects for developing PPTs, Study Material, Videos and MCQs on each sessions.

To reach the individual students of a college faculty members are divided into class wise mentors with ratio of 1:30 and all mentors prepared individual WhatsApp groups of the students and provided them study materials in respective subjects. With the help of Zoom meeting, Google meet, Teach mint live classroom, our faculty members conduct online classes as per the time table to all the students of our college.

The college library helped the students to get online resources like e-learning tools, study material, online books and how to use e-Pathshala, Swayam, and MOOCs for both students and teachers. Most of the students have got benefited by free open resources which provided by the Government.
