POLICY DOCUMENT ON ENVIRONMENT AND ENERGY USAGE

The Environment and Energy Usage Policy of Government First Grade College is to manage energy in a systematic way so as to reduce its impact on the environment. The policy implies to explore the for alternate source of energy for future usage and to utilize the natural resources of energy.

The Eco - Club in association with NSS, NCC, Bharath Scouts and Guides plays a vital role in environmental conscious for green campus initiatives and save energy.

Policy

- To provide a clean and green environment in and around the campus, it has been decided to take sustainable initiatives for environmental protection and efficient energy usage.
- The college has to adopt means for energy saving, proper management of waste, and underground water recharging with rain water.
- To install LED bulbs in the complete campus to save energy.
- Regular plantation drive in campus.
- To assess our energy usage and measure its impact on the environment.
- To offer opportunities for employees and students to engage in initiatives which contribute to environmental protection.
- To take additional measures to continuously improve our energy consumption.
- To ensure the availability of necessary resources to achieve our objective.
- To reduce local air pollution emissions using environment-friendly vehicles, including bicycles, public transportation.
