7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The College strives to impart the quality higher education to male and female students inhabiting the rural areas around Chitradurga along with its prime motto knowledge, discipline and upliftment. In a year, the college receives a greater number of applications from low income families who aspire to educate their children despite their odds. The prominent role of our college in producing thousands of firstgeneration graduates with distinction is a noteworthy contribution in the nation empowerment. Over the years, the college pays due attention in designing and delivering a needbased curriculum. Methodical planning, content enrichment, implementation and periodical evaluation have resulted in the transformation of present curriculum, thereby equipping the students with recent knowledge or skills as and when required. The college recognizes the educational needs of the weaker sections in the society and enrolls the wards of economically deprived sections by charging a nominal amount as tuition fee without collecting any capitation fee since its inception in 1973. Furthermore, the tuition fee is fully waived for students whose both parents are deceased. In a true sense, the educational need of a poor student is completely taken care, without compromising the objectives of a valuebased education. This to a larger extent has resulted in grooming them as responsible citizens of future India. Use of mobile phones and gadgets is strictly banned in the campus in accordance with the instructions from The Directorate of Collegiate Education, Karnataka. However, the usage of gadgets is encouraged offcampus to keep up with assignments, class schedules and to access students' course materials thereby bridging the gap between students, faculty and administration. The College has established an exclusive sports

environment that matches national standards in delivering sports facility to the students.
