Facilities for Women in College Campus

1. Safety and Security:

The college is a Co-educational institute that provides quality education to the students that emphasizes on making the students responsible citizens of tomorrow by creating gender equality and sensitivity. The college aims at providing a secured learning environment to the Girl students. The college has installed CCTV,s all classrooms and corridors to prevent and protect women from eve teasing and any such untoward incidents. Various awareness programmes are conducted for the students such as orientation, Aids awareness programmes that creates sensitivity among students.

2. Counselling

The college has an Anti-Ragging and sexual harassment cell that also counsels the students on various personal problems faced by them. The students are also informed to give complaints in writing if any issues are faced by them and a separate register is maintained for the same. The college ensures physical and emotional well being of the students.

3. Ladies room

The college has a Separate ladies room for the girl's students. Seating arrangements is available in the girl's room. There is separate toilet for ladies properly cleaned and maintained. The girl students are advised to maintain proper hygiene and ensure proper disposal of sanitary napkins. The ladies staff members frequently visit the ladies room for inspection.
