

## Best Practices of College for AY 2018-2019

### 1) Title of the practice:

Plastic free Campus

### 2) Goal

- Inspiring students to adopt sustainable values/ practices in their life.
- Encourage them to carry reusable shopping bags, to give up the single use plastic materials/ bottles etc
- To make college campus environment pollution free.

### 3) The context:

- The use of plastic bags is avoided in the campus and authority planning to declare the entire campus as no plastic zone.
- The students and staff have planted several tree saplings during various tree plantation program organized by the institution through the NSS wing and all those tree saplings being taken care and maintained by gardeners of the institution.

### 4) The Practice:

- Having learnt about the initiatives taken by the institution on making plastic free campus students and staff of the college initiate their responsibility towards achieving the object
- Plastic pollution is currently one of the environment concerns. The short term benefit is convenience of plastic goods have led to a boom in the production and consumption of plastic.

### 5) Evidence of success:

- Sustainable environment
- Reduce the plastic pollution in the campus
- Reduce the carbon dioxide.

### 6) Problems encountered and resource required:

- Visitors, common public who come to college for some work may use these plastic products and make campus polluted with plastic wastes.
