

Best Practices of College for AY 2018-2019

1) Title of the practice:

- Contribution made to college by college staff.

2) Goal

- Inspiring students to contribute towards society/ work place where they work in future.
- To make college self- sustainable with internal resource contribution for small requires Ex: Text book contribution to library and mike set contribution etc

3) The context:

- The contribution by the college staff in various department activity conducted in the light of some resources which were very necessary for college to provide quality education to students and there were times in which the funds are not sufficient for procuring things and Govt rules won't allow college authorities to use the funds for some cause.

4) The Practice:

- Having learnt about the initiatives taken by the institution making contribution back to society and college students and staff of the college initiate their responsibilities towards achieving the object.
- Our students have collected and raised fund by collecting money form public and contributed their own saved personal money for north Karnataka flood victims and at the same time college staff did contributed one day salary and additional cash contribution for the above cause.

5) Evidence of success:

- Achieving the self – Sustainability by college in terms of funds for some minor requirement.
- Increased enrolment from students side
- Recognition by the public for the above object.
