

## **Best Practices 2016-17**

### **Best Practice- 1:**

**Title of the Practice: “Wall Magazine- Pradyotha”**

#### **The Context:**

Pradyotha, the College Wall Magazine is the best platform provided to our students to put forward their thoughts and ideas and thus develop analytical skills. It is an opportunity to unfurl their literary talents.

### **Best Practice-2:**

**Title of the Practice: “Thought for the day”**

#### **The Context:**

‘Thought for the Day’ is a daily quote that gives the students a positive point of view to start their day with. This is practised in each class before the commencement of the first hour of the day. It is followed by the practice of reading newspaper headlines.

#### **The Practice:**

By reading positive quotes and ideas the students can bring a more positive and expansive mindset into their lives. These thoughts can inspire students to excel in both curricular and extra-curricular activities. Every day, one student has to speak about a proverb or inspiring quote for two minutes. This practice not only engages the student but also helps the student to develop his or her thinking capacity. Above all, it provides a chance for the students to ward off stage fear. Evidence of Success: The practice has helped the students to develop their critical thinking capacity. It has boosted the morale of the students by increasing the confidence level. This miniature stage has given them the courage to face the big stage more confidently.

### **Best Practice-3:**

#### **Title of the Practice: Blood Donors Group**

#### **The Context:**

Saving a life is the greatest deed one could ever do. The best of all the practices followed by the staff and the students of our college is donating blood voluntarily as and when the need arises. This is, indeed, a unique practice which helps to save a life from danger.

#### **The Practice:**

When calls/messages are received requesting for blood from the nearby hospitals, the coordinator of the Blood Donors Group springs into action and makes arrangement for the same by contacting the donors with requested blood group. Evidence of Success: As the days rolled on, the group started receiving frequent requests for blood donation. The practice has motivated more and more students to join the group and join hands in saving lives.
