On 19<sup>th</sup> August, the workshop was inaugurated by the Chief guest Dr. Nagaraja Rao, Principal Dr. Jenifer Lolita and students by watering the plants. The students from first and final year B.Sc along with few teachers attended this workshop. The workshop mainly focused on how to overcome stage fear, improve communication skills, how to give a speech in public, how to know the personality of a person by looking into a persons gesture. Sir explained about great personalities like Dr. Abdul Kalam, Einstein, Arya Bhatta, etc. Sir made most of the students to read the sentences and explain the contents and its meaning. There was question and answer session. Also students were given different topics like – super computers, quantum physics, and mathematics and were asked to do group discussions. Two groups consisting of 10 girls and 10 boys were made. Best speaker was awarded with cash prize. Coffee/tea and snacks were given to the students during the break time. There was a person by name Lion Thippeswamy who was good at calligraphy. He wrote all the certificates for the students and the teachers who participated in the workshop. Students were motivated by way of way of giving chocolates when they answered the questions. At the end of the session, students were made to give vote of thanks and most of the students were made to give vote of thanks. Finally all the student and teacher participants were given certificates.

The same programme was repeated for second year B.Sc students on 23/08/2019. On the whole 47 students from first year, 32 students from second year, 19 students from final year and about 25 teachers were benefitted from this programme. On 23/08/2019 students were served with food in the afternoon.
