

Guest Faculty Selection for 2021-22: IMPORTANT and URGENT.

1. Guest Faculty (GF) Selection is being done based on the Workload Details Uploaded by the Colleges.
2. GF are to be selected only against the excess workload and hence Colleges need to update Workload from Time to time.
3. Most of the Non-core subjects are specific to particular semesters and hence their corresponding workload is likely to change at the end of each semester.
4. It is noticed that over 250 Colleges have not updated workload details pertaining to Non-core subjects (the list of colleges with available workload details is posted herewith).
5. Principals are informed to take personal interest and Upload Workload details of the forthcoming EVEN numbered Semesters on the EMIS Page provided separately for that purpose.
6. Principals may please note that GF for the remaining vacancies will be Allotted/Posted through Online Counseling based on the Workload Details Uploaded for EVEN Semesters on the EMIS Page provided for that purpose.
7. Principals are also informed to update "The Last Year in which the candidate has worked as Guest faculty" column on Guest Faculty Selection Details page on EMIS.
