### *Acknowledgements*

This study was carried out under the UGC scheme of Minor research project for Sciences. I am thankful to UGC for the financial support in taking up this research work.

I extend my sincere thanks to Dr. Gopukumar, Deputy Secretary, UGC-South-Western Regional Office, Bangalore, for the assistance.

I would like thank Prof. O. Obaiah, Principal, Smt. V. H. D. Central Institute of Home Science, for his constant support and encouragement. My sincere thanks to Head of the department – Chemistry, my senior colleagues at Smt. V. H. D. Central Institute of Home Science, for their co-operation and encouragement during the course of my work.

My special thanks to my family for their support and patience throughout the course of my research work.

I would like to thank Inorganic and physical chemistry department (IPC), Indian Institute of Science, Bangalore for providing the ATR,  $^1\text{H}$  and  $^{13}\text{C}$  NMR analyses for this project.

I also thank all those who have helped me in completing this project.
