Department of Computer Science

BCA-6th SEM Project list for the Academic Year:- 2020-21

Sl. No.	Register Number	Name of Student	Project Title
1	1932913	Shameem Banu	QR code generation
2	1932914	Teerthaparimala Veerappa	Adaptive thresholding method binarization of document images using python
3	1932915	Shilpa Hanmantha	Bar-code generation using Python
4	1932916	Vikas Kumar	Real time edge detection from video
5	1932917	Srusti Gangappa	Face detection from digital image
6	1932918	Syed Quzima	Conversion of real image to cartoon image
7	1932919	Gunderao Hiranman	Development of fidget spinner game using
8	1932920	Priyanka Chandrashekar	Real time hand gesture recognition system
9	1932921	Mohammed fayaz	Vehicle detection and counting from video using image processing
10	1932922	Rajashekar Bannappa	Face detection from digital video
11	1932925	Shravan Kumar	Face mask from real time
12	1932926	Shivukumar Nagedrappa	Real time face and eye detection
13	1932927	Husenappa Sabanna	Image segmentation using image processing technique
14	1932928	Shrikant Malkappa	People counting method from video
